

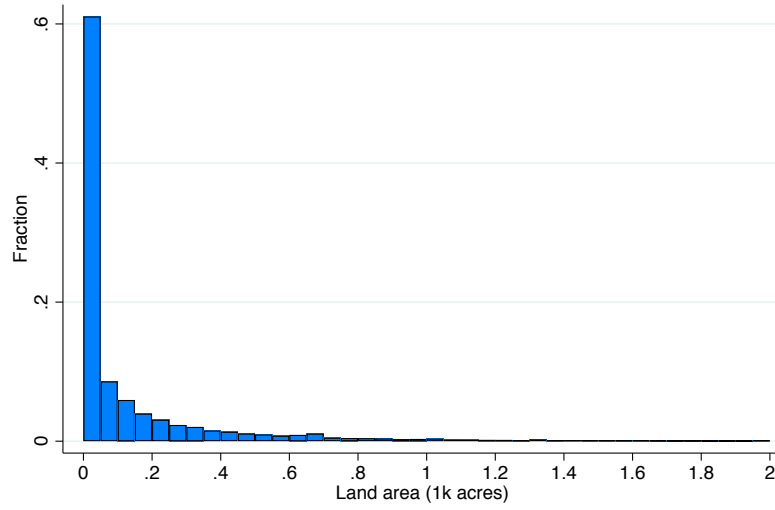

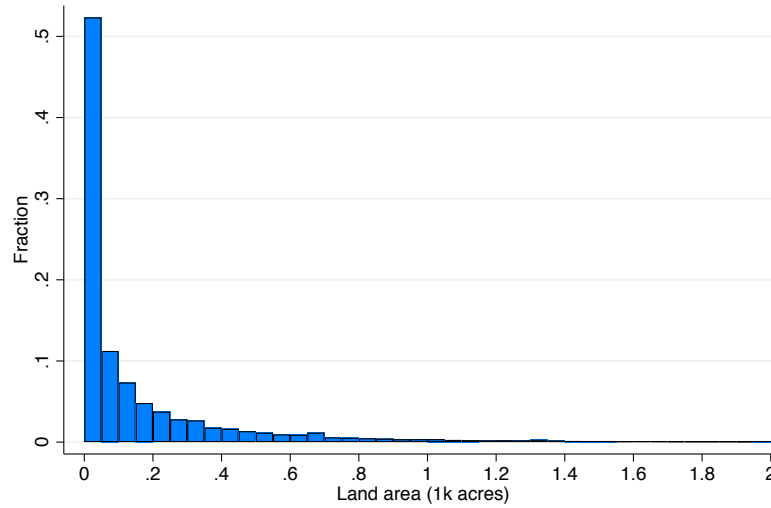

Figure 1: **Distribution of small land sales area for corrupt officials, (MF)**

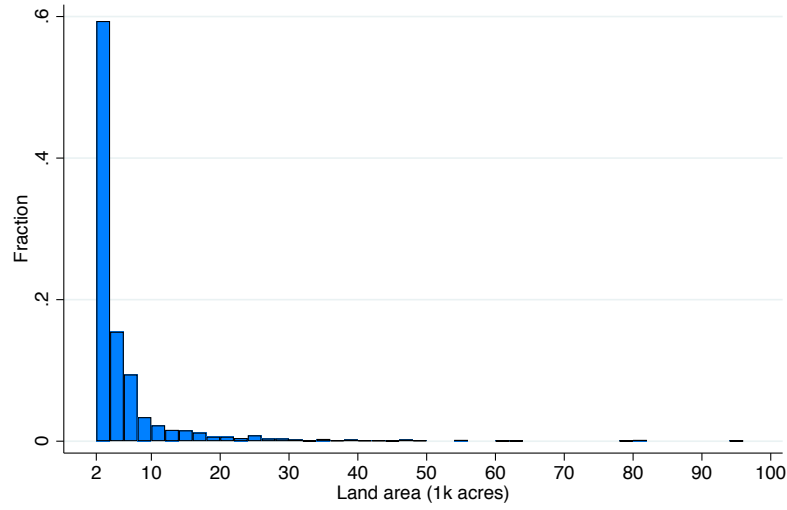

*Note: Out of the 970k transactions matched to at one prefecture official, 718k have area under 2k acres ('small'), 247k have area between 2k and 100k acres ("large"), and 4k have area greater than 100k acres.*

Figure 2: **Distribution of small land sales area for non-corrupt officials, (MF)**

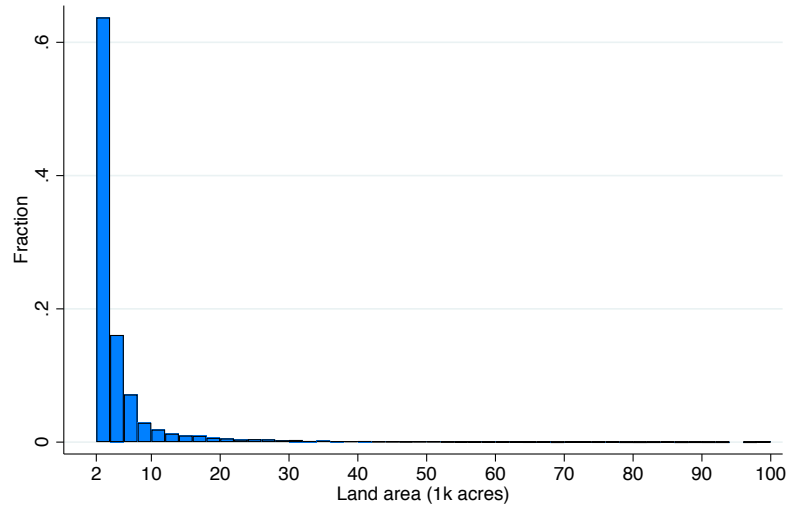

*Note: Out of the 970k transactions matched to at one prefecture official, 718k have area under 2k acres ('small'), 247k have area between 2k and 100k acres ("large"), and 4k have area greater than 100k acres.*

Figure 3: **Distribution of large land sales area for corrupt officials, (MF)**

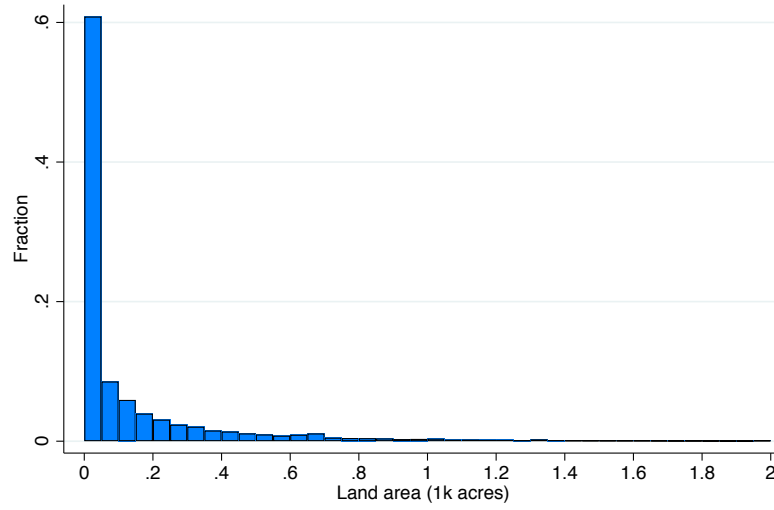

*Note: Out of the 970k transactions matched to at one prefecture official, 718k have area under 2k acres (“small”), 247k have area between 2k and 100k acres (“large”), and 4k have area greater than 100k acres.*

Figure 4: **Distribution of large land sales area for non-corrupt officials, (MF)**

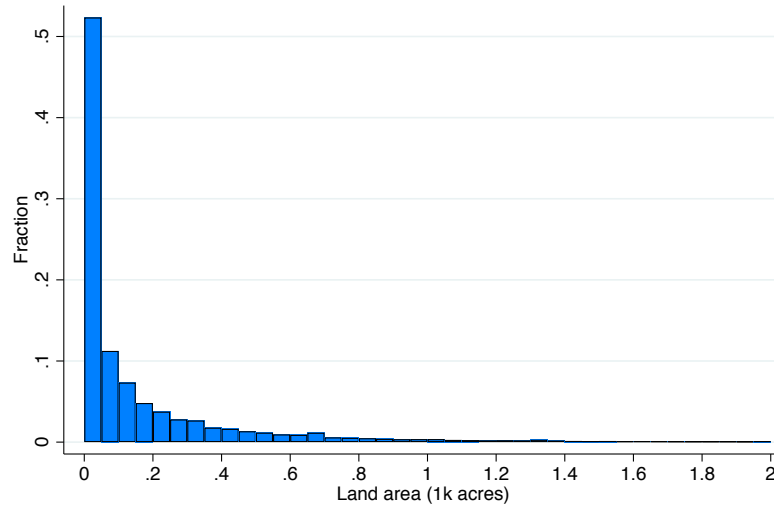

*Note: Out of the 970k transactions matched to at one prefecture official, 718k have area under 2k acres (“small”), 247k have area between 2k and 100k acres (“large”), and 4k have area greater than 100k acres.*

Figure 5: **Distribution of small land sales area for corrupt officials, (GH)**

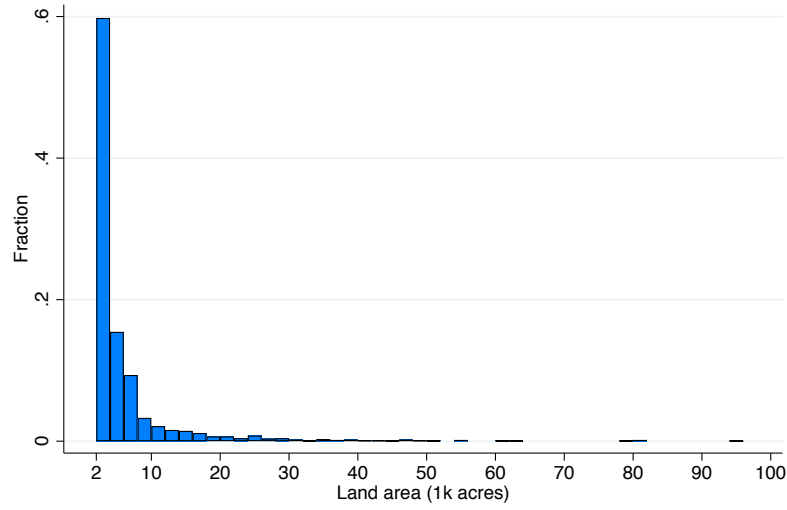

*Note: Out of the 970k transactions matched to at one prefecture official, 718k have area under 2k acres (‘small’), 247k have area between 2k and 100k acres (‘large’), and 4k have area greater than 100k acres.*

Figure 6: **Distribution of small land sales area for non-corrupt officials, (GH)**

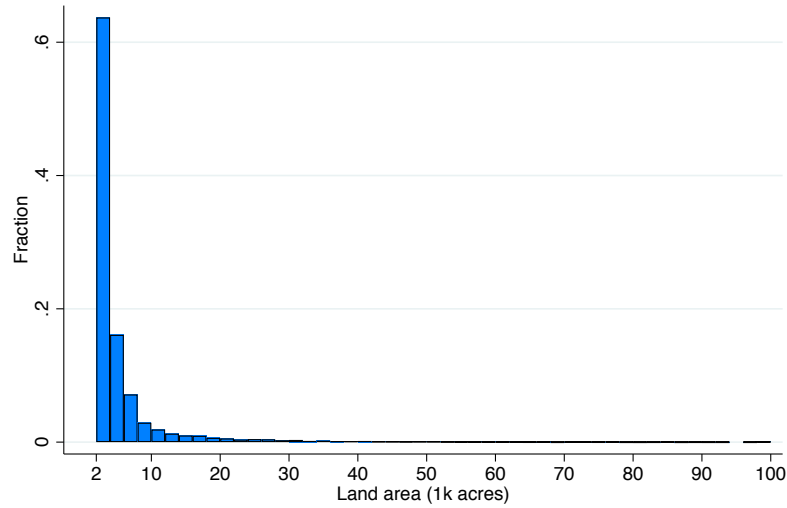

*Note: Out of the 970k transactions matched to at one prefecture official, 718k have area under 2k acres (‘small’), 247k have area between 2k and 100k acres (‘large’), and 4k have area greater than 100k acres.*

Figure 7: **Distribution of large land sales area for corrupt officials, (GH)**

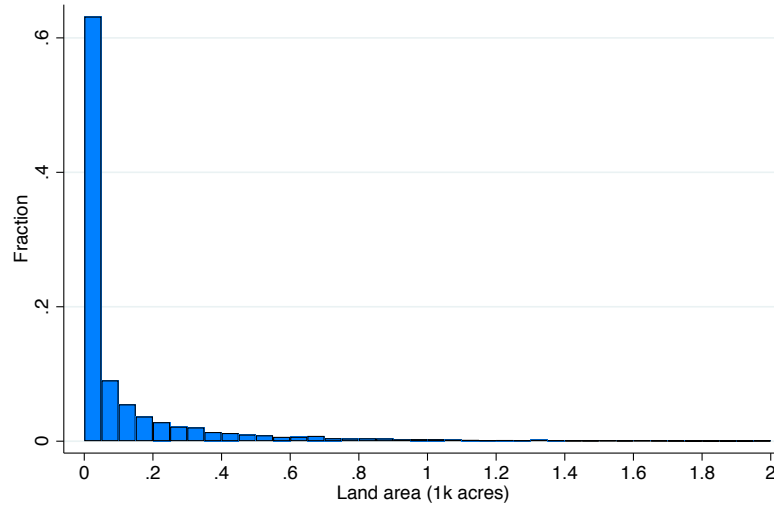

*Note: Out of the 970k transactions matched to at one prefecture official, 718k have area under 2k acres (‘small’), 247k have area between 2k and 100k acres (‘large’), and 4k have area greater than 100k acres.*

Figure 8: **Distribution of large land sales area for non-corrupt officials, (GH)**

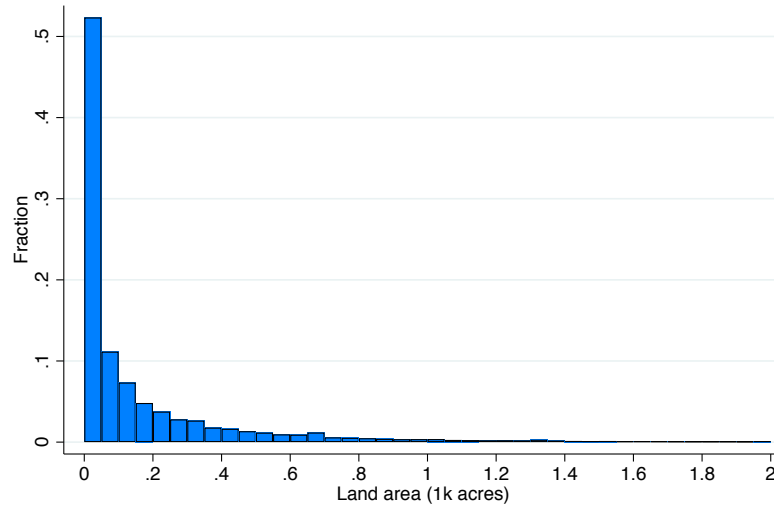

*Note: Out of the 970k transactions matched to at one prefecture official, 718k have area under 2k acres (‘small’), 247k have area between 2k and 100k acres (‘large’), and 4k have area greater than 100k acres.*

Figure 9: **Distribution of small land sales area for corrupt officials, (MF)**

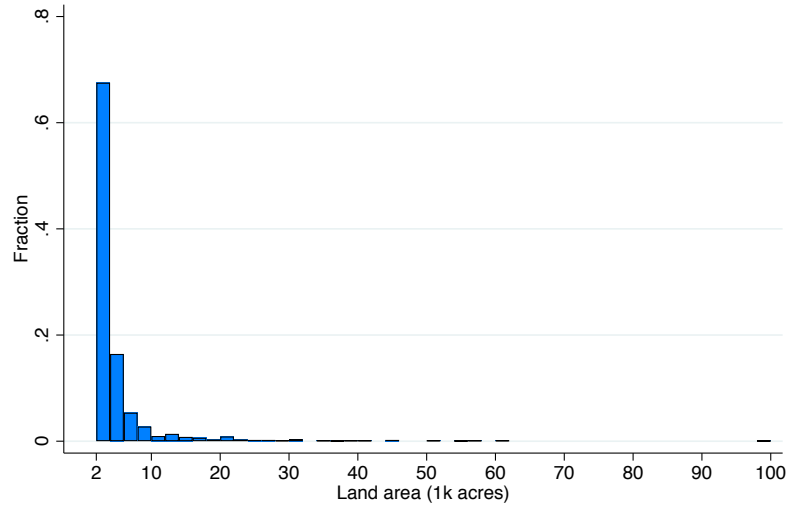

*Note: Out of the 970k transactions matched to at one prefecture official, 718k have area under 2k acres ('small'), 247k have area between 2k and 100k acres ("large"), and 4k have area greater than 100k acres.*

Figure 10: **Distribution of small land sales area for non-corrupt officials, (MF)**

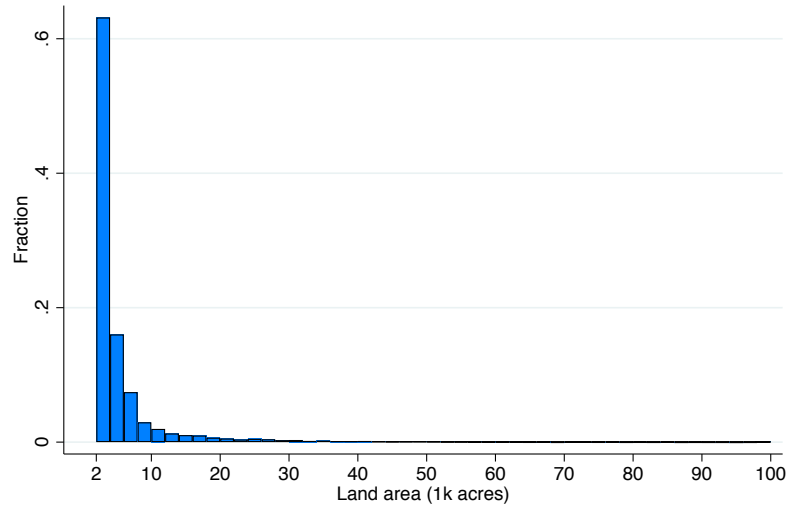

*Note: Out of the 970k transactions matched to at one prefecture official, 718k have area under 2k acres ('small'), 247k have area between 2k and 100k acres ("large"), and 4k have area greater than 100k acres.*

Figure 11: **Distribution of large land sales area for corrupt officials, (MF)**

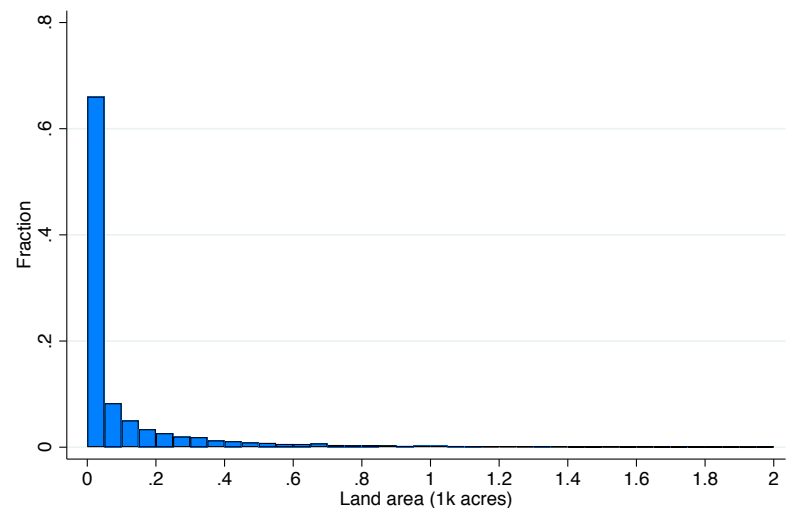

*Note: Out of the 970k transactions matched to at one prefecture official, 718k have area under 2k acres (“small”), 247k have area between 2k and 100k acres (“large”), and 4k have area greater than 100k acres.*

Figure 12: **Distribution of large land sales area for non-corrupt officials, (MF)**

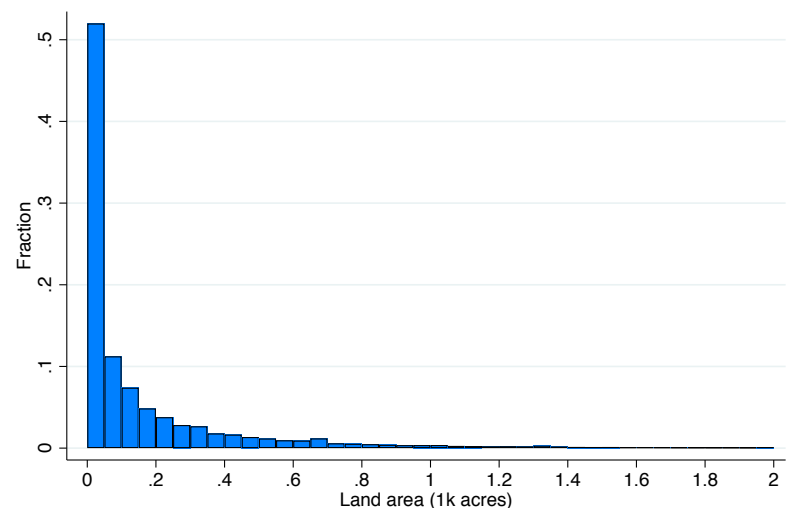

*Note: Out of the 970k transactions matched to at one prefecture official, 718k have area under 2k acres (“small”), 247k have area between 2k and 100k acres (“large”), and 4k have area greater than 100k acres.*

Figure 13: Distribution of small land sales area for corrupt officials, (GH)

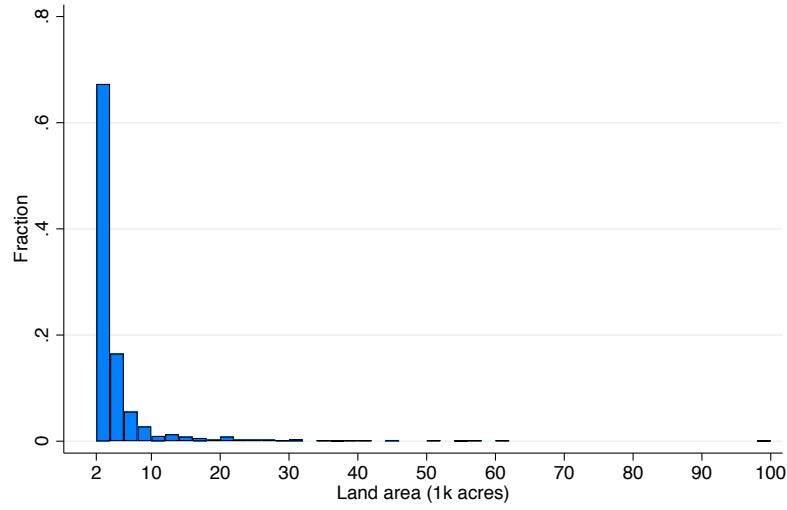

*Note: Out of the 970k transactions matched to at one prefecture official, 718k have area under 2k acres (‘small’), 247k have area between 2k and 100k acres (‘large’), and 4k have area greater than 100k acres.*

Figure 14: Distribution of small land sales area for non-corrupt officials, (GH)

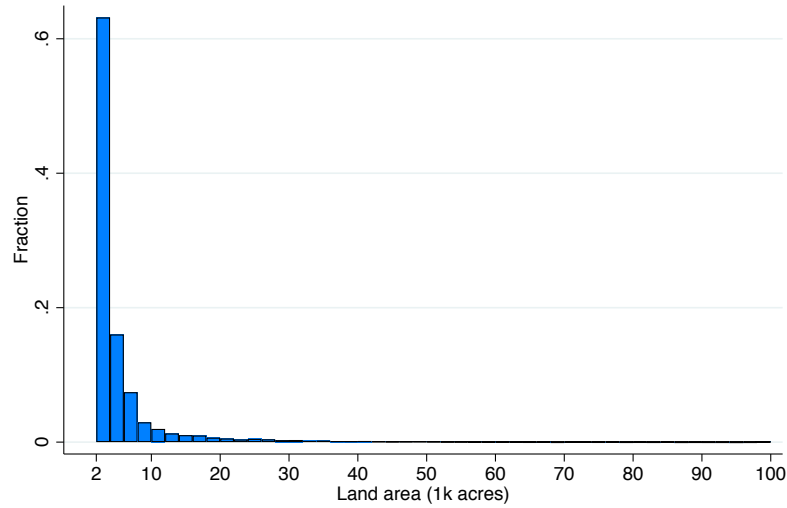

*Note: Out of the 970k transactions matched to at one prefecture official, 718k have area under 2k acres (‘small’), 247k have area between 2k and 100k acres (‘large’), and 4k have area greater than 100k acres.*

Figure 15: **Distribution of large land sales area for corrupt officials, (GH)**

*Note: Out of the 970k transactions matched to at one prefecture official, 718k have area under 2k acres (“small”), 247k have area between 2k and 100k acres (“large”), and 4k have area greater than 100k acres.*

Figure 16: **Distribution of large land sales area for non-corrupt officials, (GH)**

*Note: Out of the 970k transactions matched to at one prefecture official, 718k have area under 2k acres (“small”), 247k have area between 2k and 100k acres (“large”), and 4k have area greater than 100k acres.*
